Playground Fence For Grade School

Canyon school board Tuesday night voted to fence three sides of an area between 22nd Street and Highway 87 to be used as a playground by Elementary School Students.

The plot is located in front of the Elementary Schools and just across 22nd Street. It is less than two city blocks in size.

School Superintendent Huelyn Laycock said the fencing will cost about \$1.25 a foot for a fence five feet in height. About 1,000 feet of fencing material will be required, he said.

Trustees heard school taxman, Lee Foster, report that

collections on 1962 school taxes came to about 95.56 percent as of Tuesday night.

Conway Kuykendall was appointed to serve on the board of equalization in the place of A.L. Crossland who said he would not be able to serve.

The board authorized purchase of some new laboratory equipment for the junior high school. Superintendent Laycock and Elementary Principal Oscar Hinger were authorized to have some cabinet work done in the new elementary building office and work room.

Possibility of more paving in front of the elementary school was discussed but no action was taken.

A bid for an old building being used as a shop building at the junior high school was accepted. The bid of \$876.54 was submitted by Mrs. Doris Gillham.

Laycock announced that an open house for the new elementary school building would be held some time in September.

The board voted to pay 15 cents per child per day to Kenneth Johnson for transportation of his three children to Amarillo schools. The Johnsons live in the north part of the Canyon school district and have been transferring to Amarillo. School officials said 15 cents per child per day is the customary amount paid.

Johnson submitted a bill to the school for \$1,036 for expenses incurred in transporting the children. Canyon School has been paying tuition to Amarillo School District for the Johnson children, school officials reported.

The board took no action on the bill submitted by Johnson. Five teachers were employed by board action. They include

Free Movie, Dollar Day

Friday and Saturday are Dollar Days again in Canyon. Again there will be bargains for the grownups and free movies for the kids.

A number of Canyon merchants are participating in Dollar Days again this month. Through participation of the Retail Merchants and Canyon Theaters there will be a free movie at the Olympic Theater in downtown Canyon Friday.

This month the free show is "The Vikings" starring Kirk Douglas.

There will be one showing beginning at 9:30 o'clock Friday morning and ending at 11:25 and an afternoon showing beginning at 2:30 o'clock and ending at 4:25.

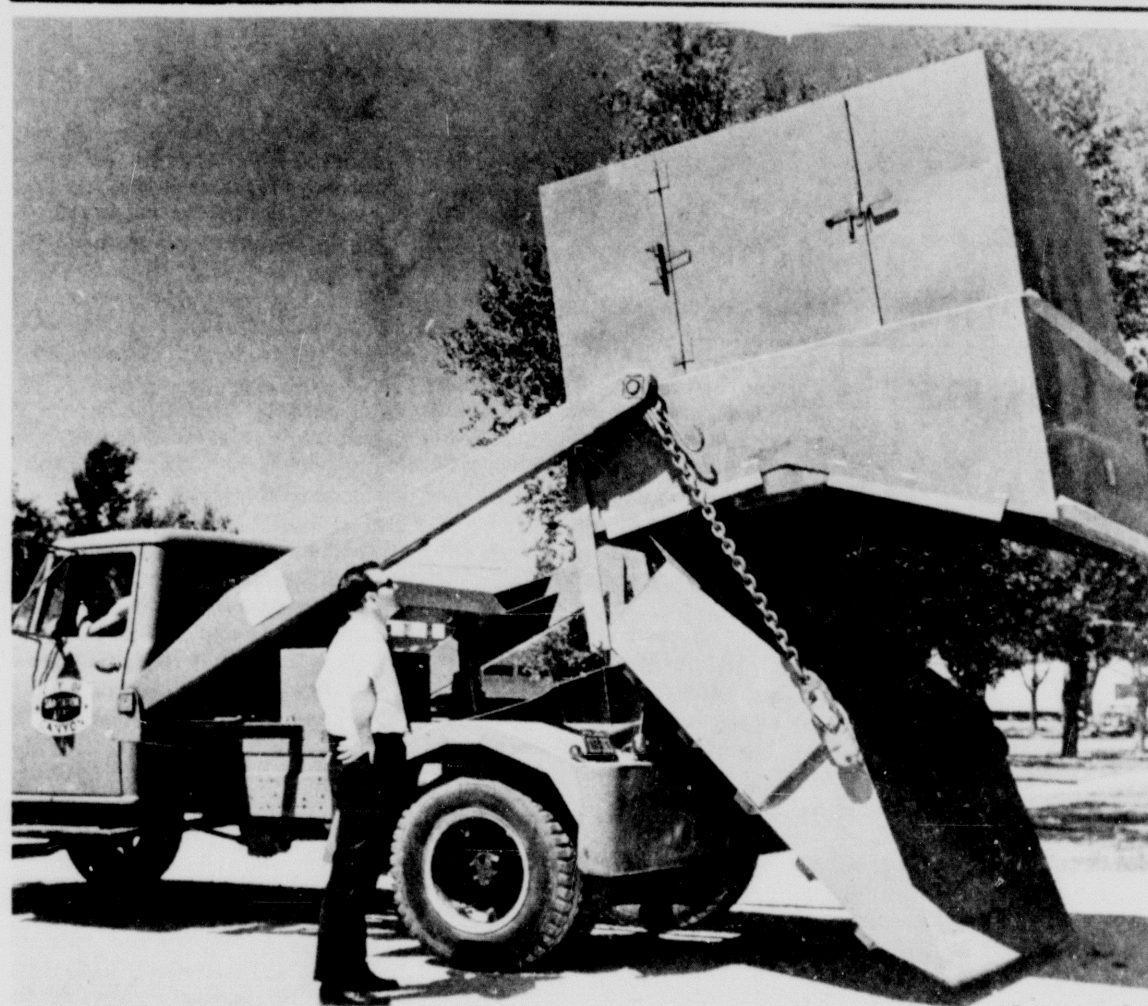

Parents are invited to bring the children to the show and then do Dollar Day shopping in Canyon.

The free movie will be shown Friday only.

Mrs. Edith Priddy, Canyon; Jerry Yoes, Borger; Mrs. Irene Winter, Canyon; Hobart McDonald, White Deer; and Mack White, Happy.

Mrs. Priddy is returning from a leave of absence and will teach sixth grade. Yoes will teach physical education in the elementary school. Mrs. Winter will be teaching art for one year replacing Mrs. Royal Brantley who is on leave of absence.

McDonald will be counselor and White will teach industrial arts.

City Manager Bill York is shown here looking at one of the Dempster Dumpster trash collection units installed this week by the city. The unit is picked up by means of a hoist by the truck and hauled away when the unit is filled with trash.

Dempster Dumpster Trash Collection In Operation

Canyon's new Dempster Dumpster trash collection equipment went into use this week.

The new equipment will enable the city to offer more efficient trash collection in the business section and twice weekly trash collection in the residential areas of town.

The city has received delivery of 27 used steel trash receptacles and a large reconditioned truck and lift for handling the receptacles.

The "Dempster Dumpster" system utilizes the truck with its powerful lift to pick up the steel trash receptacles from its permanent location at strategic locations throughout the business district. The truck then carries the receptacle, with its load of trash, to the city dump, where the trash is automatically emptied. The container is then carried back to its location and the truck picks up the next container.

The new equipment will free one of the regular city trash packer trucks for increased residential trash collection service. With this increase in residential trash pickup, the city hopes to start regular twice weekly collection in the residential areas.

The city is preparing a form letter to be sent to all city residents, explaining the "Dempster Dumpster" system, what the city is trying to do with the new system and what the city will ask each resident to do in connection with the new system.

The city is also establishing new collection routes. City manager Bill York asks residents to cooperate with the city during the change over to the new collection system.

Residents are asked not to burn trash after the new system goes into effect.

"The trash cannot be collected if it is hot or burning. There is no longer any need for burning trash after the twice weekly collection service goes into effect," York said.

"The burning of trash presents a serious fire hazard and results in smoke and odors that are objectionable to those near the burning trash," York said.

The city manager also asked that residents not place such matter as dirt, rocks, concrete, tree limbs, bulky containers and other large and heavy debris in the residential trash containers. City employees are unable to empty the containers into the packer truck when filled

with such trash," York said.

A flat bed truck will be used by city employees to clear the alleys of such debris as flower, weed and hedge clippings. York asks that residents place such matter in containers near the regular trash collection barrels or stack it near the barrels.

Residential trash collection will be on Monday and Thursdays or Tuesday and Fridays, depending upon the location in the city. Wednesdays will be reserved for maintenance of the collection equipment and catching up on collection in overloaded areas. Wednesday will also be the day for collecting large trash with the flat bed truck, York added.

Sid Patterson of Norman, Oklahoma, will be in Canyon all this week to help the city install the equipment, to train the city driver and to help clean up the alleys where the "Dempster Dumpster" units will go.

Patterson will call on Canyon merchants affected by the new system to explain its purposes and operation. He will speak before the various civic groups in Canyon during their regular noon luncheon meetings.

Advantages of the new trash collection system and its relief on the regular collection equip-

ment are numerous. In addition to a more efficient downtown collection from stores and businesses, the twice weekly collection in residential areas will enable residents to stop burning trash, thus eliminating the fire and odor hazards involved. Quicker collection will help reduce the health hazard from rodents and insects at the trash containers. Downtown businesses, however, may have to store excess trash in their stores on Sunday and holidays.

The cleanliness and sanitation will be the main advantages, York said.

Remodeling Underway At Clinic

Neblett Clinic in Canyon is presently undergoing \$115,000 in additions and modernization. The construction will supply the clinic with a new operating room, X-Ray room, a new kitchen with new equipment, a new dining room, a new lounge and patient waiting room and a new front entrance to the clinic.

The modernization is aimed at extending the usable space in the clinic.

Commissioners Vote For Jury Wheel Use

Randall County commissioners court Monday voted to participate to the extent of \$4,000 in the Children's Psychiatric Center in Amarillo.

The center affords treatment for disturbed children.

Center officials say about 20 percent of the patient load comes from Randall County. Potter County contributes \$8,500; the city of Amarillo, \$8,500; Amarillo School District, \$10,000; and the state, \$8,340.

In other business, the court officially adopted the jury wheel as the method to be used in selecting prospective jurors in Randall County.

This was the culmination of an objection raised in county court here several weeks ago by Amarillo Attorney Jerry Kolander. Kolander moved for dismissal of a county court jury on grounds that it was improperly selected.

He contended that the jury wheel should be used. Until now, the jury commission system has been used.

The jury wheel is a method by which prospective jurors are chosen by lot from among those qualified to serve.

The court accepted a bid of \$360 from Addressograph Multigraph Corporation for a machine to print names of Randall County citizens from among whom jurors will be chosen.

Action was delayed on purchase of two tractors to be used for pulling mowing machines in Commissioner Bill Butler's precinct.

The court discussed an elevator for the court house. No action was taken.

George Dowlen was appointed acting district attorney to fill in for Truitt Hull while Hull is on vacation.

Kindly City Fathers Allow Tot Two Goats

The suit involving the old sewer plant road has been dismissed.

This was announced Monday night by City Manager Bill York at a regular meeting of Canyon city commission. York said he had been informed by letter that the suit seeking to keep the road open by injunction had been dismissed by District Judge Gene Jordan.

Several adjacent property owners earlier this year filed for an injunction designed to keep the road open.

The city delayed annexing 45-acre Ponderosa Addition for several weeks because of the pending litigation. Ponderosa

finally was added to the city about the middle of May.

The road involved lay about a half block south of Thirteenth Avenue. With the adding of Ponderosa, part or most of the old road has become an alley.

The commission discussed trash collection and the Dempster Dumpster trash collection units being installed here this week.

Involved are 27 containers and a truck purchased at a cost of \$17,713 to the city. The units are reconditioned. The units and truck new would have cost more than \$30,000, according to York.

York said twice weekly trash collection will be started for residential areas. Routes and collection days will be announced later.

Commissioners discussed the replacement of a well on the Mack Forrester estate 13 miles west of Canyon. City wells are located on the place under a contract with the estate.

The contract calls for replacement by some means of any well on the place which might go dry because of the city wells on the property.

City officials say this contract provision applies only to wells in existence when the contract went into effect in 1957.

A well on the place has gone dry and city commissioners are studying the best method to be used for replacing the water pumped from the well.

Consensus at the meeting was that the best method would be to dry another well for the estate rather than allowing the tapping of city water lines.

Commissioner Paul Lindsey expressed fear of contaminating

Second Term Enrollment Is Tuesday

Registration for the second term of the summer session at West Texas State University is scheduled Tuesday at 8 a.m. in the Student Union Building.

Final examinations over first term work are slated Friday, and orientation for beginning freshmen, who enrolled for the first time in college, will be held Monday at 1 p.m. in the Administration Building auditorium. Attendance is required for all beginning freshmen.

Classes begin Wednesday.

Registration for a special three-week workshop on "School Evaluation," to be taught by Dr. Emmitt Smith, is also scheduled during the regular registration period. Deadline for enrolling for the workshop is Tuesday.

Among events scheduled during the second term is the 11th annual reading conference, sponsored by the Texas Association for the Improvement of Reading. The conference is slated Aug. 13-15.

Prospects Are Good For Music Camp

More than 700 area high school musicians will arrive on the campus of West Texas State University Sunday to begin the two-week training program of the 11th annual West Texas Music Camp.

Students will check into dormitories prior to registration in the Fine Arts Building, starting at 1:30 p.m. All students will audition for spots in the camp's five bands during the afternoon. Most students have pre-enrolled for classes and private instruction.

Bands will be directed by James Matthews, director of bands at the University of Houston; J.R. McIntyre of Odessa; Orland Butler of Lubbock; G.T. Gilligan of Kermit; J.W. King (See BAND, Page 2)

Baseball Play Offs To Begin

Randall County Babe Ruth League will play host to the Babe Ruth District Tournament beginning Monday.

Games will be at 1:30, at 4:30 and at 7:30 each afternoon and evening, Monday through Friday. Games will be played at the Canyon Park.

More details are included in a story elsewhere in this edition. It is written by Dr. George de Schweinitz.

Little League play-offs begin here Thursday of next week. Truitt Hull is tournament director for area 4.

The full schedule for Babe Ruth League tournament is sponsored by Cole & Moore and the schedule for the Little League tournament is sponsored by Canyon First National Bank elsewhere in this edition.

Randall 4-H Dress Review Set Friday

A dress review for the girls 4-H Clubs of Randall County will be held on Friday evening, July 19, at 7:30 p.m. in the First Presbyterian Church.

Miss Sally Fields, home demonstration agent, will present awards on the review program. The winner will represent Randall County at the District Dress Review at the Holiday Vic Mon in Amarillo on July 26.

The review will feature articles of clothing made by the girls during their summer projects. Awards will be based on general construction of the garment and appearance on the girl along with her records.

Miss Lucy Tuck, daughter of Mr. and Mrs. Lewis Tuck,

will narrate the show. The public is invited to attend the dress review and reception following the program.

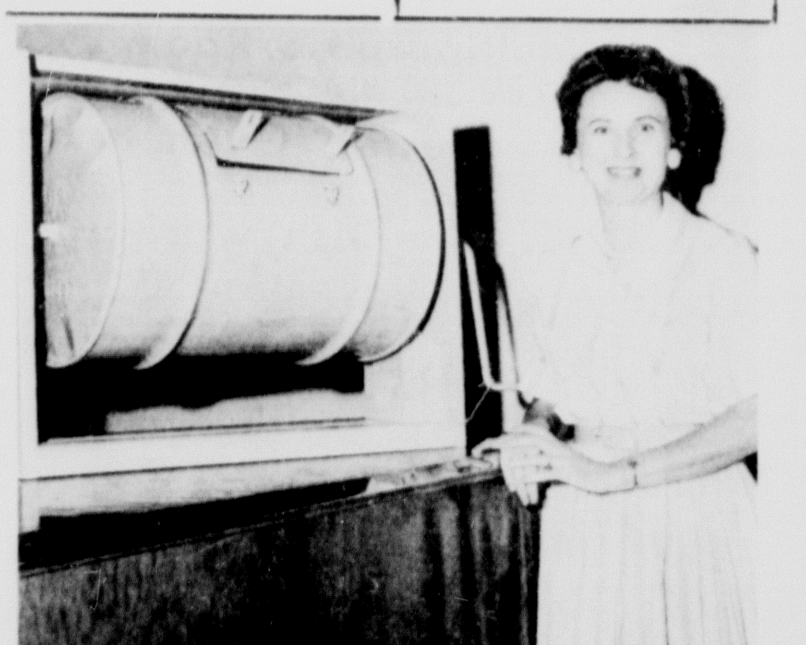

A rehearsal for the show will be held at 2 p.m. on July 18th at the First Presbyterian Church in preparation for the program. Stage decorations for the dress review will be directed by Mrs. Ralph Ruthart, chairman of the recreation committee.

Judging of the garments and records of club members will be held at the Junior Livestock Building at 9 a.m. on July 17th. Judges will be home demonstration agents, Ruth Husey of Claude and Glenda Webb of Channing.

These two huge cranes have started digging operations for the installation of the Canadian River Aquaduct that will supply the North Plains with municipal water. The crane in the foreground with the short boom is used to dig the

ditch, while the rear crane with the long boom will pick up and lower the concrete pipe for the aquaduct. This picture was taken on the Palo Duro Highway, 6 miles east of Canyon.

Mrs. Mavis Hill, Randall County district clerk, is shown here with the county's brand new jury wheel. This wheel will be used for choosing prospective county and district jurors by lot each year between Aug. 1 and Aug. 15.

Designs Up At Theater In Canyon

Design drawings for plaques to be placed on the approach wall of the Texas Panhandle Heritage Foundation amphitheater in Palo Duro State Park are being hung today in the lounge and hall of West Texas State University (Canyon) Fine Arts Building.

The drawings, by high school art students from 41 Panhandle counties, are being exhibited in connection with the Drama Workshop now being held at the University for high school students from Texas, Oklahoma, and New Mexico. The exhibit will hang through Sunday.

Open to the public, the exhibition may also be viewed by the audience attending the High School Workshop Speech Department play "Annie Get Your Gun" to be performed Friday night at the Branding Iron Theater, and on Sunday during registration of students enrolling for Music Camp Week.

Canyon students whose work

will be exhibited are Billy Cawthon, winner; Bob Haggard, Joy Harter and Jan Jennings, honorable mention; and runners up Pamela Davis, Susan Gillham, Bobby Hand and Jerry Vance. It is estimated that approximately 700 students will enroll for Music Camp Week.

The drawings in the exhibit will ultimately be reproduced in stone and mounted on the approach wall of the amphitheater as representations of important historical phases in the respective Panhandle counties.

The contest to select the winning designs was conducted last spring jointly by the Fine Arts Council of the Amarillo Chamber of Commerce and members of the Federated Women's Clubs in the Panhandle counties participating.

Recent guests of Mr. and Mrs. K.E. Hines have been his brother's family, Mr. and Mrs. Alex Hines and daughter, Rita Jo, of Grand Junction, Colorado.

Lois Lynn Whitcomb of Enid, Oklahoma visited in the Hines home recently also. She was enroute to Grand Junction for a few days visit with the Alex Hines family.

city water by allowing the line to be tapped for livestock use. York suggested that one off-street parking space be required for each apartment living unit constructed within the city. This will come up for further discussion by the commission at its next meeting.

Commissioners rejected an offer by the new management of Trail Motor Hotel that the city pay one half of some \$515 still outstanding against a water line from the city limits to the motel.

The motel was purchased only recently by the C & R Inc., and now is managed by W.J. Roddy, a part owner of the firm.

The water line in question cost more than \$5,000 according to York, and former owners already have put up all but \$515 for payment of it.

The city has denied the motel use of the line because the \$515 has not been paid, according to York. The motel has obtained water by tying onto a 2-inch line used by Canyon Bowl.

The difference of \$515 came about as a result of a misunderstanding over the point to which the water line was to extend. Canyon city engineer figured an estimate based on extending the line from the south city limits of Canyon to a point several feet north of the point to which it finally was necessary to extend it in order

to serve the motel. Neal contended that the city was in error in its estimate and refused to pay the additional \$515. The city contended that it merely was being a good neighbor in the first place in helping Neal, that Neal was actually getting \$515 worth of water line in addition to that figured in the engineer's estimate and refused to run water through the line until the money was forthcoming.

The Monday night commission decision left the matter still in deadlock.

Commissioners discussed new staggered speed limits from 55 miles an hour at the outskirts of town down to 30 miles an hour in town on Highway 87. These limits will become effective when new Texas speed limit of 70 miles per hour goes into effect at midnight Aug. 22.

York said he anticipates the need of a traffic control light at the North Third Avenue intersection with Highway 87 soon after school starts next fall. He said a traffic congestion is expected at this point because of new dormitory facilities in the vicinity.

S.W. Blake of 400 Seventh was granted permission to keep two goats. Blake petitioned for permission because he said his 4-year-old daughter is allergic to cow's milk. Her physician has ordered her to drink goat's milk.

Permission was granted on provision that Blake keep the

animals confined within his own yard and supply the city with a note from the child's physician saying goat's milk is necessary for her.

The commission accepted a bid of \$1884.40 by PEI of Amarillo for installation of radio equipment for use by the city fire department. PEI agreed to deliver the equipment within 30 days and to install it within a week after its arrival.

York pointed out that federal regulations make it mandatory that the fire department not use the police and sheriff's frequency after Nov. 1.

C & E Inc., Amarillo, was low bidder at \$1835.50 on the project but the commissioners favored the PEI equipment.

Payment of \$15,049.64 to Contractor Frank Hodges of Lubbock for the 1963 paving program was authorized. This was for four blocks of paving and 59,400 square feet of seal coating.

Griffin's Truck Stop was awarded a bid for three months bulk supply of ethyl gasoline for the city at 16 cents per gallon.

Payment of \$3,709 to Flex-Rod Company for a new sewer rodder was authorized.

Commissioners extended Fire Zone 2 to include the commercial area of Ponderosa Addition. The residential area already is included in Zone 3.

Commissioners are studying the possibility of investing some \$41,000 held in cash reserve for the 1957 water works bonds.

Regular camp activity will get underway Monday morning, and students' days will be started at 7:30 and continue through the day with section and full band rehearsals, classes, instrumental instruction, twirling and drum majoring, "music for fun," private lessons, and recreational activities.

Registration of Canyon students still was being accepted this week.

A new ambulance entrance will also be added with a ramp for wheel chair and stretcher patients. In addition to the new construction to the clinic, a refurbishing of the existing structure will also be done.

The present lounge and office will be redone into new office space and the new entrance will be constructed with a new lounge and patient waiting room as an integral part. The front of the clinic will be done in Austin stone.

A new storage room is also being built onto the west end of the clinic to house equipment and the emergency power units.

Also included in the additions will be a new and more modern laboratory room. A doctors dressing room and lounge will also be added to the clinic.

Three New Instructors Are Employed

West Texas State College's history department has announced the appointment of three new instructors for the 1963-64 session, which opens Sept. 16.

They are Miss Christine Gilmore, Steven M. Mark, and Carry L. Nall.

Miss Gilmore, who has taught three years in colleges, has completed course work and expects to receive her Ph.D. degree soon at the University of Illinois. She has been a research assistant in medieval history at the university.

Holding both the B.A. and M.A. degrees from the University of Kansas City, Miss Gilmore has taught at Western Illinois University, Southern Illinois University, and Kansas Wesleyan University.

Mark comes to WT from Everett Junior College in Everett, Wash., where he taught one year. He holds the B.A. degree from Western Washington State College and the M.A. from the University of Washington. He spent two years in the Army, with an 18-month tour of duty in Germany.

Nall, who has been working in California for the past year, has completed course work toward the Ph.D. degree at the University.

Rev. Morgan To Youth Camp In Oklahoma

Rev. Austin Morgan, director of student activities at Faith Chapel, left Wednesday morning accompanying a group of young people who are to attend the Apostolic Faith Youth Camp at Laverne, Oklahoma which begins today.

Rev. Morgan will conduct the morning rallies at the youth camp. Ann Adair will serve as a counselor at the camp which will conclude with activities on July 18.

4-H Club Has Party

Wagon Wheel 4-H Club had a party and business meeting recently to celebrate the year's activities.

John Brazzil, county agent, presented a kit containing a speaker's gavel, American and 4-H flags with stands, banners and the 4-H motto, "To Make The Best Better", and pennants in the 4-H colors to the club for the speaker's table. The kit was given to the club by the Canyon Chamber of Commerce.

A motion for a letter of appreciation to be sent to the Chamber of Commerce was made by Alec Gordon. The motion was seconded and carried during the business meeting where Roger Gist presided.

Ed Hinders led the members in the 4-H pledge. Minutes of the last meeting were read by Dick Cummins.

Miss Sally Fields, home demonstration agent, gave a discussion on sewing projects and plans for the dress review to be held by the girls on July 19th.

Party activities were led by John Brazzil. The group played party games and had a square dance. Mrs. Leroy Boehning, adult leader, was assisted with party refreshments by several other parents at the meeting.

Club members attending included Clifford Boehning, Judy Boehning, Karen Boehning, Mary Ann Boehning, Dick Cummins, Mary Cummins, Kathy Gist, Roger Gist, Debbie Gordon, Sheri Henry, Edward Hinders, Michael Hinders, Sharon Hinders, Nicola Johnston, Jo Johnston, Glen Lewis, Jackie Miller, Charles Sykes, Martha Sykes, Henry Gill, Alec Gordon, Cindy Kuhlman, James Boyce, Ronnie Crow, Marsha Hager, Ricky Sanford, Cheryl Schaeffer, and Judy Sykes.

Mr. and Mrs. D.C. Lindley and family spent the holiday week end at Littlefield visiting with his mother, Mrs. D.C. Lindley, Sr.

They attended the "50th Anniversary Celebration" of Littlefield. Parades, pageants and a fireworks display were highlights of the celebration.

Visiting with Mr. and Mrs. L. H. Crawford recently were Mr. and Mrs. C. J. Crawford of Abilene.

Jacquita Barnard Becomes Bride of Lloyd Don Welch

Miss Jacquita Barnard became the bride of Lloyd Don Welch in a ceremony performed at 2 p.m. last Saturday afternoon in the First Baptist Church of Canyon.

Rev. Strauss Atkinson, pastor of the church, officiated at the single ring rites.

Mr. and Mrs. Jack Barnard of Canyon are the parents of the bride. The bridegroom is the son of Mr. and Mrs. L.D. Welch of Gilliland.

Traditional wedding selections were presented by Miss Bobbie Kay Parsons.

Focal point of the church decorations was a large basket of white gladioli flanked on each side by candelabra decorated with white gladioli and greenery.

Miss Jackie Barnard served as the maid of honor for her sister. She wore a ballerina length dress of dusty rose taffeta fashioned with a cowl neckline and featuring a back drape of chiffon. She carried a nosegay arrangement of white carnations and pink sweetheart roses.

L.D. Welch, father of the groom, served as best man for the wedding ceremony. Bobby Partridge was the usher for the afternoon wedding.

The bride, escorted and given in marriage by her father, wore a gown of white chantilly lace over nylon net and satin. The fitted bodice featured a sabrina neckline and long sleeves that

tapered to bridal points above the hands. The bouffant skirt tapered into a chapel train and was edged with scallops at the hemline.

Her elbow-length veil of illusion was attached to a coronet of mock orange blossoms, seed pearls and iridescent sequins. She carried a bridal bouquet of white feathered carnations atop a white testament. Satin streamers tied in love knots cascaded from the bouquet.

A floral arrangement of pink and white roses centered the serving table at the reception given, following the ceremony, in the home of the bride's parents, Mr. and Mrs. Jack Barnard.

A three-piece suit of turquoise cotton knit was worn by the bride as the couple left on a wedding trip to Lake Atlin in Oklahoma. She chose bone accessories to complement the ensemble.

The bride is a graduate of Canyon High School and is a junior student at West Texas State University majoring in physical education. She was a charter member of Delta Xi Chapter of Beta Beta Beta, national biological honor society.

Welch graduated from Munday High School and West Texas State University where he majored in agriculture. The couple will make their home at Gilliland.

CHARLENE SUTTON

Nuptial Plans Are Announced

Mr. and Mrs. C.C. "Jack" Sutton of Happy, announce the engagement of their daughter, Charlene, to Richard Hunter, son of Mrs. Rachel Hunter of Dimmitt.

The bride-elect graduated from Happy High School and has attended West Texas State

University where she majored in business.

Graduated from Dimmitt High School, the prospective bridegroom holds a degree from Texas Technological College in Lubbock where he was a member of Delta Tau Delta, social fraternity. He is presently engaged in farming and ranching near Dimmitt.

The couple is making plans for a wedding in the First Baptist Church of Happy on August 16.

The bride-elect is the granddaughter of Mr. and Mrs. Charles Sutton of Happy.

Miss Morris Is Brunch Honoree

A morning brunch was held last Saturday in honor of Miss Cathryn Morris, bride-elect of Carroll Wright, at the home of Mrs. Hosea Foster.

The serving table featured an assortment of fresh fruit arranged on a four tiered crystal compote accented with silver. About 16 guests were seated for the morning brunch.

Miss Morris was presented with a "Recipe Box" filled with favorite recipes and household hints contributed by the guests attending.

Guests were served chicken a la king, party shells, hot rolls and coffee by the hostesses who were Mesdames Hosea Foster, J.M. White, Joe Dale White and J.O. Parker.

VFW Auxilliary Holds Meeting

The veterans of Foreign Wars Auxiliary had a business meeting at the post home Monday evening with Mrs. Bill Pond, presiding.

Refreshments were served by the hostesses, Mrs. Johnny McBroom and Viola Russell to the following: Mesdames John Hardaway, Tommy Hunter, Glenn Gardner, C.C. Stephens, Joe Winstead, E.C. Penick, Cordellia White, Rae Walters, and Lawrence Hunicutt.

Other guests at the barbecue outing were Mr. and Mrs. Ralph Ruthart, Mr. and Mrs. Buford Sparks and children, Hank, Kevin, and Cindy, Mr. and Mrs. Lewis Tucek and children, Lucy and Gary, and Mr. and Mrs. J.P. Brown and children, Linda and Cindy.

Out of town guests attending the supper were Gary Ruthart and Aubrey Lewis, both of Amarillo, and Mrs. Johnny Daniels of Hermosa Beach, California.

MRS. LLOYD DON WELCH

Cornett-Sullivan Wedding Vows Said

Nuptial vows for Miss Polly Cornett and Larry Sullivan were solemnized before an indoor waterfall decorated with greenery and flowers at the House of Weddings in Amarillo last Saturday evening.

The double ring rites were read by Bob Wear, pastor of the Church of Christ in Canyon.

The bride is the daughter of Mr. and Mrs. Frank Cornett of Umbarger. Sullivan is the son of Mr. and Mrs. Lawrence Sullivan of Amarillo.

Miss Paula Wright of Hereford served as the maid of honor. She wore a dress of pale yellow batiste with a matching hat.

Best man for the wedding ceremony was Tom Lackey of Amarillo.

The bride wore a street length suit of white silk and a small hat of white lace filigree with a short veil.

Members of the immediate families attended the wedding and the reception dinner later at the Chinese restaurant Ding How in Amarillo.

The bride graduated from Hereford High School and attended West Texas State University. She is employed at the law firm of Underwood, Wilson, Sutton, Heare and Berry in Amarillo.

Sullivan graduated from Amarillo High School and at-

ended Amarillo Junior College, the University of Texas, and West Texas State University. He is employed with the Southwestern Drug Company in Amarillo.

The couple has established their home in the Wolfin Apartments in Amarillo.

Picnic Slated By Garden Club

A picnic at Conner Park tonight, Thursday, will be the final meeting for the Canyon Garden Club this summer. The picnic outing is slated to begin at 7:30 p.m.

Members of the club are requested to bring food for their families and attend. Planning committee members for the event are Mesdames Joe Frank, K.E. Hines and S.B. Loudder.

Miss Cathryn Morris Is Bridal Shower Honoree

Miss Cathryn Morris, bride-elect of Carroll Wright, was honored with a miscellaneous bridal shower last Tuesday evening in the home of Mrs. K.E. Frieze.

Assisting Miss Morris in the receiving line were Mrs. K.E. Frieze, and Mrs. Milton Morris, mother of the bride-elect.

Presiding at the guest register were Joyce Ricketts and Margaret Earle. About 75 guests registered between the calling hours of 7 and 9 p.m.

Focal point of the serving table was a floral arrangement of white roses flanked by blue tapers in holders. A white linen cloth covered the serving table. The bride's chosen colors of blue and white were used in the home decorations. Appointments were in crystal and silver.

Individual party cakes topped with white rosebuds were served to the guests. Presiding at the punch bowl were Mrs. Joe Dale White and Mrs. George Cornford, aunt of the bride-elect.

Mrs. Nell Patchin, Mrs. Gene Rogers and Miss Virginia Leake

presented appropriate musical numbers throughout the evening.

The honoree was presented with an electric percolator from the hostesses who were Mesdames A.K. Knott, Glenn Dowlen, Mitchell Jones, Lloyd Buchanan, Hatcher Brown, John A. Gillis, R.P. Jarrett, Jr., Bailey McCormick, Lon Fanning, Joe Gibson, Oscar Hinger, Crews Henry, Henry Wiggins and K.E. Frieze.

Loretta Tucek At Pre-Nuptial Honoree Shower

Miss Loretta Tucek, bride-elect of William Cox, was presented with an electric portable toaster-oven by the hostesses at a recent miscellaneous bridal shower given in her honor.

The afternoon shower was held in the home of Mrs. Herbert Gerdsen, Mrs. Don Dutton, sister of the prospective bridegroom, registered about 45 guests between the calling hours of 2 and 5 p.m.

Members of the receiving line were Mrs. Gerdsen, the honoree, Mrs. Raymond Tucek, mother of the bride-elect, and Mrs. William Cox, mother of the prospective bridegroom.

A floral arrangement of blue carnations and white majestic daisies highlighted with a miniature bride and groom centered the serving table which was laid with a white lace cloth over blue. Appointments were in silver and crystal. Napkins

were inscribed with the wedding date and names of the couple in silver.

Blue leaves decorated the individual cakes which were served by Rosemary Gerdsen. Clara Kuehn served pineapple sherbet punch to guests. The refreshment course was completed with an assortment of nuts and blue tinted mints.

Misses Barbara Banks and Phyllis Gerdsen were hostesses for the afternoon bridal shower.

Ruthart Reunion Held Here

The Ruthart family held a reunion last Saturday at the Junior Livestock Building in Canyon. About 80 attended the family dinner.

The afternoon was filled with games of 42, dominoes and part of the group went skiing at Buffalo Lake.

Attending the reunion were Garland Ruthart, Mr. and Mrs. Troy Burrus and Kari, Mr. and Mrs. Donnell Ruthart and daughters, Debbie, Marilyn, Joanne, Janice and Brenda, all from Amarillo; Mr. and Mrs. Manuel Ruthart and sons, Louis and Bob, Mr. and Mrs. Dwayne Currie and children, Lisa, Chip and Kyle, and Mr. and Mrs. Arletus Ruthart and Audie Ray all of Groom.

Other out of town guests at the event included Mr. and Mrs. Gordon Ruthart, Mr. and Mrs. Darrell Ruthart and Trena from White Deer; Mr. and Mrs. Arlen Ruthart and children, Greg and Leslie, Mr. and Mrs. J.H. Palmer, Mr. and Mrs. Emmett Palmer and children, Dianne, Dana, Dean and Don, from Plainview; and Mr. and Mrs. J.M. Ruthart and grandson, Kim of Ordway, Colorado.

Also attending were Mr. and Mrs. Earnest Savage and Mr. and Mrs. Edward Mitchell of Spade; Mr. and Mrs. Curtis Savage of Sudan; Mr. and Mrs. Gordon House of Happy; Mr. and Mrs. V.A. Howard and grandsons, Chris and Greg, of Houston; and Mr. and Mrs. Sanford Ruthart and children, Jimmy and Peggy Beth of Seminole.

Representing Canyon at the reunion were Mr. and Mrs. L.C. Ruthart, Mr. and Mrs. Ralph Ruthart, Mr. and Mrs. O.A. Smith, Mr. and Mrs. Crawford Ruthart and children, Sharon, Karen and Donna, Mr. and Mrs. D.C. Lindley and children, David, Armetha, and David, and Mr. and Mrs. Lynn Williams and sons, Steve and Ronnie.

Nuptial vows for Miss Sharon Abbott and Dick Thompson will be solemnized in an afternoon ceremony on August 17 in the home of the bride-elect's parents, Mr. and Mrs. Morris Abbott. Parents of the prospective bridegroom are Mr. and Mrs. R.W. Thompson. Both are graduates of Canyon High School. The bride-elect graduated from Amarillo Beauty School and is owner of Sharon's Beauty Shop in Canyon. The prospective bridegroom is engaged in farming near Canyon.

MRS. LARRY SULLIVAN

Class Presents Book To Library

The King's Daughters Sunday School Class of the First Baptist Church chose the book "Family Living In The Bible" as a memorial gift to be presented to the church library in memory of several class members who have died recently.

Mrs. J.W. Norwell was the hostess for the recent meeting of the class. The meeting was opened with a prayer by Mrs. R.H. Long.

A poem was presented on the program by Miss Edna Graham. Mrs. Strauss Atkinson read the 132nd Psalm as the scripture reading. Minutes of the last meeting were read and approved.

Refreshments were served to Miss Edna Graham and Mesdames R.E. Gill, Laura Davis, T.T. Fain, D.D. Adkisson, J.A. Woodfin, R.H. Long, T.V. Slack, Strauss Atkinson and the hostesses.

Bride-elect Is Honoree

A silver-plated jelly dish and server were presented to Miss Jacquita Barnard, recent bride of Lloyd Don Welch, at a cold-plate luncheon at the Amarillo Club last Wednesday afternoon.

Minutary engagement and wedding rings were attached to the place cards with a short link of chain and white ribbon. Hostesses for the social event were Mrs. Walter Graham and Mrs. Nolan Henson, Jr.

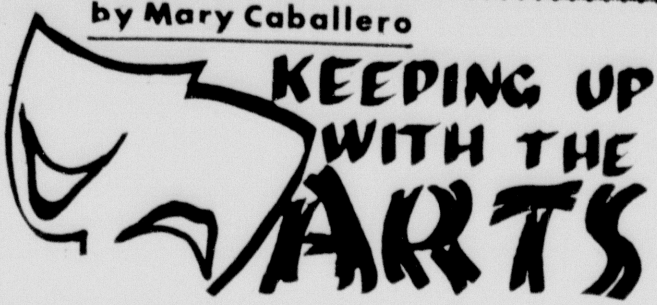

Guests at the luncheon included Mrs. Jack Barnard, mother of the honoree, and Kay Dean Barnard, sister of the honoree. Other guests at the luncheon were Misses Judy and Bobbie Kay Parsons, Patricia Salmon, Mary Beth Brillhart, Gloria Taylor and Marion Young.

Przilas Have New Baby Son

Mr. and Mrs. Oscar Przilas of Tucuman, New Mexico are the parents of a baby boy. The child was born Monday at St. Anthony's Hospital in Amarillo.

Mrs. Przilas is a daughter of Mr. and Mrs. Ben Koch of Umbarger.

It is getting more and more important to be wise enough to buy art works as an investment. Don't buy them for the fact that they will be an investment, but buy things you admire and love. Buy unknown works, known painters, and all types of art work, then keep your fingers crossed! The Vincent Price Collection had a few very good buys and many unknown art works, but it seemed to be quite successful in Amarillo. Art works value seem to vary with public sentiment. It seems to go up and down as the years go by. A painting bought cheaply may go up in value, then the owner can donate it to a museum taking a heavy charitable deduction to their income tax. In 1903, when Paul Gauguin

died, his "Still-life with Apples" was unsaleable at \$100, yet in 1957 it was sold at auction for \$346,170. Watteau's "Le Mezzetin" sold for \$442 in 1765 and for \$150,000 in 1934. Cezanne's "Still-life" was \$8,000 in 1913 and soared to \$113,141 in 1952. Another famous work by Seurat called "Sunday Afternoon on the Grande Jatte", sold for only \$200 in 1891 but 1924 sold for \$24,000. Picasso's "Mother and Child" sold for \$45,000 in 1955 but two years later sold for \$185,000. Get your family heirlooms and your magnifying glass! Learn something about the styles, the certain schools of painting, and the names of artists. When you are travelling about the country on your vacation, buy up old works, re-do the frames, clean up the paintings with a good bar of soap, you might have something very special! Buy unknown new works of art. Buy beautiful sculpture and young students work. Make your home more friendly with these lovely things. Get away from the sedate sofa, two end tables, plus lamps, a coffee table and two stiff back chairs. Don't feel you must play safe and always buy the "famous print" for over the mantle or that sofa. Sculpture can be the most exciting thing in the room. If you can't find any you are fond of, then do your own. You may just need that hobby when you find that you are older and have time on your hands. On your search for a good collection of paintings by well-known artists, you may choose from this speculative exchange group: Benton, Blaine, Bonheur, Bouguereau, Buffet, Corot, De Kooning, de Staël, Dubuffet, Gérôme, Gorky, Hopper, Kirchner, Miro, Romney, Rothko, Rousseau, Sargent, Tobey, and Wyeth.

But those you can be sure of and these have great value are: Bonnard, Boucher, Cassatt, Cézanne, Constable, Courbet, Cuyt, Degas, El Greco, Fantin-Latour, Fragonard, Gainsborough, Gauguin, Goya, Guardi, Hals, Ingres, Klee, Manet, Matisse, Modigliani, Monet, Picasso, Poussin, Rembrandt, Renoir, Roualt, Rubens, Titian, Toulouse-Lautrec, Turner, Van Eyck, Van Gogh, and Velasquez, plus others. Check over the list, read about these artists, pick a few favorite styles. You are the sole critic and it will be your choice and no one can tell you what you should like. New artists work can be exciting, too, so be on the watch for the unknown artist. Help him up the ladder to fame, too. Frank Carden of Berkeley, California was a houseguest of Mr. and Mrs. Crosby Hammons last Saturday night. Mrs. Crosby Hammons visited over the week end with her parents, Mr. and Mrs. Wellington Johnson, in Endee, New Mexico.

Members of the Canyon Home Demonstration Club completed their annual report on community services at a meeting last Friday morning in the home of Mrs. Bill Wilson. Each home demonstration club in the county is required to make the report listing community services which is used by Miss Sally Ann Fields, home demonstration agent, to compile her annual report. "A Vacation I Would Like To Take" was used as the members answered to roll call. Mrs. H. C. Adcock presided at the meeting in the absence of the club president. Officers for the club will be elected at a meeting on September 6 according to an announcement made at the recent meeting. Mesdames attending the club meeting were E. L. Hardaway, H. C. Adcock, Earl Hadley, L. D. Hunnicutt, L. V. Weldert and the hostess, Mrs. Bill Wilson. Visiting with Mr. and Mrs. Gene Peppard recently have been her sisters, Mrs. Eldon Spain of Watsonville, California and Mrs. W. L. Young of Santa Rosa, New Mexico. Mr. and Mrs. Don Smith and daughter, Beth, of Tulsa visited with his parents, Mr. and Mrs. Carl Smith, recently.

Report Heard By Canyon HD

Members of the Canyon Home Demonstration Club completed their annual report on community services at a meeting last Friday morning in the home of Mrs. Bill Wilson.

Miss Morris Is Supper Honoree

The Trail Restaurant was the scene for a surprise supper honoring Miss Cathryn Morris, bride-elect of Carroll Wright, last Friday night. Former classmates of Miss Morris attended the surprise supper. The honoree was presented with a gown and satin househoes for her trousseau. Attending the supper were Joyce Ricketts, Mayla Atkinson, Barbara Buster, Bobbi White, Nedra Davis, Suzanne Rogers, Sally Brasher, Nell Patchin, Jimi Funk and the honoree.

Adair Sisters In Sing Song

The Adair Sisters of Song participated in the Independence Day Sing Song held at Lubbock on July 4th. Others on the sing song program included the Blackwood Brothers Quartet, The Statesmen Quartet, The Singing Spear Family, the The Stamps Quartet.

Mr. and Mrs. Merrell Conn of Childress, parents of Rita Conn who is accompanist for the Adair Sisters of Song, joined the girls in Lubbock for the week end occasion.

The Sisters of Song presented a concert of gospel songs at Guymon, Oklahoma recently for a large crowd. The group returned to Canyon for Sunday morning services at Faith Chapel.

City News Briefly Told

Mrs. Clara Hardaway of Happy and granddaughters, Betty and Carol Hardaway of Canyon, spent the week end visiting friends and relatives at Weatherford and visited "Six Flags Over Texas", the amusement park near Fort Worth. Ann is the daughter of Mr. and Mrs. John Hardaway of Canyon. Visiting with Mr. and Mrs. A.W. Harding over the weekend were Mr. and Mrs. Les Sharver of Dallas. Mrs. Sharver

is a sister of A.W. and E.P. Harding. Mrs. Patsy Hill and daughter Kay, of Dallas, spent several days recently visiting with Mr. and Mrs. Billy Hill and Mr. and Mrs. C.E. Hill. Mrs. Patsy Hill and Kay and Billy Helene Hill, daughter of Mr. and Mrs. Billy Hill are visiting this week with relatives in Glorietta, New Mexico. Visiting with Mr. and Mrs. C.R. This North Texas Producers Association milk truck was wrecked Saturday morning when it hit a rain-slick spot on the Old Tulla Highway, 2 miles south of the Buffalo Lake Road. Stephen Lee Hall, the driver, said the heavily loaded

milk truck started to slide towards the drainage ditch when it hit a slick spot in the rain dampened clay road. He said the truck started to roll over after he applied the brakes while in the ditch. He was uninjured in the mishap.

Administrative Changes For WT Are Sanctioned

When West Texas State College opens the fall semester Sept. 16 as "West Texas State University" changes in its administrative organization will also be instituted.

The Texas Commission on Higher Education this week approved the college's plan of reorganization, according to Dean Walter H. Juniper, who attended the commission's sessions in Austin. WT's board of regents approved the plan and granted permission to the college to seek commission approval last November.

The commission also approved WT's offering of art as an "all-level" teaching field in the

provisional certificate program, as a substitute for a first teaching field on the secondary level. This means students may elect art as a teaching field for all grade levels.

Action was deferred by the commission on WT's proposal of a program for certification of school administrators.

This fall, West Texas State will be organized under four main groups, including the College of Arts and Sciences, School of Business, School of Teacher Education, and the Graduate School. Units under the College of Arts and Sciences will include the divisions of the Humanities, Sciences, and the Social Sciences.

Present organization includes the School of Business, Graduate Division, the divisions of Humanities, Sciences, and Social Sciences, and the Professional and Vocational Group.

The latter group will be phased out, with its departments being shifted under the new plan. The department of education and psychology will become a part of the School of Teacher Education.

This new school will include Education and Psychology, Educational Administration, Student Teaching, Industrial Arts, and the departments of physical education for men and women. The industrial arts department will be moved from the professional group, and the two physical education departments will be shifted from the division of social sciences.

The departments of agriculture and journalism, also presently under the professional and vocational group, will be moved to the divisions of science.

Canyon Man Is Charged

Robert Marvin Brazzil, 37 years old, Canyon, Monday entered a plea of not guilty in county court to charges of driving while intoxicated.

His bond was set at \$500 by County Judge Wayland Angel. He is free on bond.

Crusaders Class Plans Social

The Crusaders Class of the First Methodist Church of Canyon will sponsor an ice cream and cake social on Thursday evening of next week.

Ice cream and cake will be served at 6 p.m. The social event will be staged on the church lawn if the weather is suitable.

ces and humanities, respectively, under the College of Arts and Sciences.

Three distinct departments will be designated in the School of Business, replacing several "areas of concentration." The new departments are Accounting, Business Administration, and Business Education and Office Administration.

Canyon Man Is Named To Texaco Co. Board

Harvey Cash, executive vice president in charge of world wide producing activities for Texaco Inc., was recently elected as a member of the board of directors for the company.

Cash joined Texaco's Domestic Producing Department in 1933 and held various technical and managerial capacities in the southwestern part of the nation until 1953, when he was transferred to New York as assistant manager of the foreign operations department in the Eastern Hemisphere. He was named general manager of the foreign operations department the following year.

He is the son of Mrs. Harvey Cash, Sr. of Canyon. His sister, Mrs. O.P. Cowart, also lives in Canyon.

Cash moved to Canyon, with his parents, when he was eight years old. He graduated from Canyon High School and attended West Texas State University. He graduated from Texas A & M College in 1933 and joined the Texaco Company soon after. Cash is a member of the board of regents for the American University of Beirut and was visiting the University with

Hattie Brasuel returned this week from Austin where she attended the wedding of her

granddaughter, Susan McGee of Amarillo, at the chapel on the campus of the University of Texas.

Local Firemen Off To School

City fire captain Joe Rice and the newly hired full time city fireman, Arthur Plain, are to attend long fire seminar at Texas A & M College at College Station, July 20 through July 27.

Rice will study water pump operations, including calibrations, water pressures, friction losses, etc. This will be the third year that Rice has attended the annual training seminar at A & M. Plain will take the basic fire fighting course, including instructions on house fires, grass fires and basic training in "Disaster City", a small city set up at the college simulating a town after a major disaster such as a tornado or very large fire.

"Canyon will pay the bill for sending us to the school. It is really worthwhile to the city as they get credit on their fire insurance key rate for our attending the school," Rice said.

This small foreign convertible was the death car for Bobby Brown Roland 23, of Amarillo, Thursday afternoon, 8 miles east of Canyon on the Palo Duro Highway. Mrs. Roland was killed when another car hit the Roland car in the rear, causing it to roll over 21/2 times. (Story page 1)

Brazilians Visit Farms Near Canyon

Farms and ranches in the Randall County area were visited last week by 17 Brazilian cattlemen, college professors, government agricultural experiment station administrators and medical doctors from the South American country.

On an area wide tour of the area, conducted by Randall County agent, John Brazzil, the agriculturalists went to the J.O. Parker and Sons Feed Lot operation southeast of Canyon.

While there the group saw cattle that had been fed for 170 days and were ready for marketing. They also saw 2100 feeder size yearlings that were ready for the feeding program.

The group saw Parker's feed storage and mixing operations

as well as his fields of corn ensilage to be used in his feeding program.

Brazzil said Parker's feed lot, though not the largest in the nation, is one of the most modern. The operation uses several novel and successful ideas in the feeding operations, Brazzil said.

One such idea is the use of concrete floors on all the feed pens to keep the cattle out of the mud. It also aids in their avoiding livestock diseases.

All the feeding areas are partially shaded to make the cattle more comfortable. The pens are constantly cooled by water fogging devices, Brazzil said. The money spent on the concrete, shade and fogging devices is considered one of Par-

ker's better investments, Brazzil said.

The South American group will be on tour more than six weeks, Brazzil said.

Had a party? Or giving one? Tell The Canyon News about it. Telephone OL5-2141, or stop by the News office on the west side of the square.

Tobien, professor in the geology department at Johannes Gutenberg University at Mainz, Germany. Professor Tobien is also curator of vertebrate paleontology at Hessisches Landesmuseum in Darmstadt, Germany.

New Baptist Building At Camp Ground

Members of the First Baptist Church voted Sunday evening during a called business meeting, to start immediate construction of the Assembly Activities Building which will be built at the Amarillo Baptist Assembly Grounds northwest of Canyon.

The fire-proof building will be constructed of concrete, steel, brick and stone. Colorado stone will be used for the fire place and front wall of the building. The building will contain more than 4,200 square feet of floor space when completed.

Two dormitories will be constructed adjoining the large activity room. Both dormitories will have large bath facilities with terrace floors. The activity room will measure 42 x 25 feet.

Other facilities to be included in the building are a kitchen and utility rooms, a counselors room with private bath, and central heating and air conditioning.

Construction and furnishings for the building will amount to \$45,000. Tom Foster, a Canyon contractor, will supervise construction of the building.

Organizations of the church will use the building during the summer and winter months for camps, retreats, banquets and other meetings.

Sewing Theme For 4-H Girls

"I Can Sew" has been the instruction booklet for a group of Wagon Wheel 4-H girls who have held several recent meetings.

They have made sewing boxes, learned to operate sewing machines, made tea towels, TV slippers and learned good grooming practices. The group made a shopping trip to look at various labels and inspect appropriate fabrics to make skirts for the 4-H style show. Fabric squares were used in determining the color most becoming to each girl.

Skirts that were made by the girls as summer projects will be judged in the county wide contest and modeled in the style show that is to be held on July 19.

Club members participating in the sewing project include Gail Thompson, Cindy Kuhlman, Nicola Johnston, Jo Johnston, Marsha Hager, Sharon Henders, Debbie Gordon and Kathy Gist.

Visiting with Mr. and Mrs. V.B. Hubbard recently has been their daughter, Mrs. Bill McDonald and sons, Larry Don and David, of Brownfield. Other guests in the Hubbard home have been Mrs. Jimmy Jones and daughters, Cindy and Cathy, of Borger.

Had a party? Or giving one? Tell The Canyon News about it. Telephone OL-5-2141, or stop by the News office on the west side of the square.

Sewing Record Work Is Done By 4-H Girls

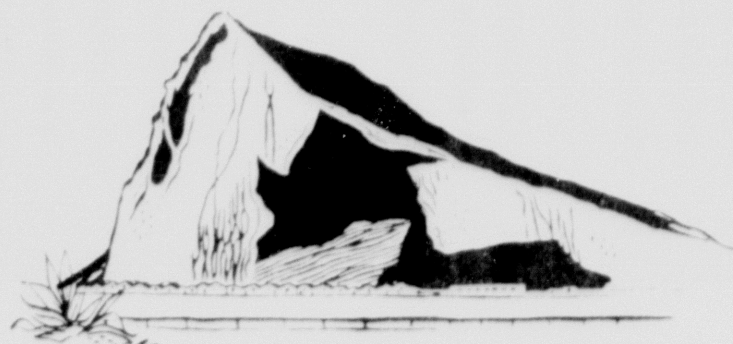

West Side 4-H Club for first and second year girls had a meeting Wednesday morning at the courthouse to work on their clothing records.

Garments and clothing records will be judged on July 17 in preparation for the all county dress review.

The girls completed their garments in a workshop on July 1-3 at the Junior Livestock Building in Canyon.

Attending the meeting Wednesday were club members, Linda Hales, Roxie Knox, Glenda Hollenstein, Susan Lindeman, Connie Brazzil, Linda Hicks, and visitors Mrs. Anton Hollenstein, Mrs. M.W. Hicks, and Mrs. John Brazzil.

Mr. and Mrs. Stan Elliott visited in Stinnett with Mr. and Mrs. Bob Green on the fourth of July.

B.C. TAYLOR

Taylor Finds Running Station Interesting

BY JIM THOMAS

Operating a service station on a transcontinental highway has its interesting moments, according to B.C. Taylor who runs a store and filling station at the corner of 15th Street and Highway 60.

For instance, Taylor has been held up so many times that he could qualify as an expert on the Hitchcock show.

He has been held up twice by armed would-be thieves and several other times by individuals without guns.

"There was a sixteen year old boy who woke me up at 3 in the morning and asked me to fill his tank with gas. After I filled it up he pulled a gun on me and asked me to give him my money. I told him I didn't have any in the front of the house so he left. They got him soon after."

"Another old fellow tried to hold me up but I had one of those old timey cash registers and we couldn't get the drawer open. They didn't get him, I don't think."

"One day I had two women come in from California for gas when one of those big planes flew over and broke the sound barrier. She started off fast from the station with the hose still in the tank but I managed to get her stopped in time before she did any damage."

"Another time, I had a woman pull up and ask if we had a rest room she could use. I misunderstood her and thought she wanted to use a whisk broom."

"I told her I had misplaced it sometime before but if she would back her car up to the little shed to one side of those pumps, I would be glad to clean her car out for her."

"She said, 'I beg your pardon. I asked for a rest room!'"

"There have been 10 or 12 stolen cars the law has picked up here in the last 17 years. People just leave them out front when they get through with them," Taylor said.

One day recently, Taylor found a car out front and reported it to the sheriff's department.

It turned out to be stolen and they came down to pick it up and return it to the owner.

A few days later, Taylor received a leather bound note case with his name embossed on the front in gold letters. Inside was a note from the owner, explaining the case as an expression of appreciation for his help getting the stolen car returned.

Violent excitement has also figured in Taylor's experiences at his Hereford Highway location.

"There have been 10 or 12 wrecks out in front in the last few years although I have only seen one or two of them happen, myself."

"I had an ambulance start to Clovis with a man when the car hit an icy place on the road and hit one of my gas pumps. That was when the road was only two lanes to Hereford," Taylor said.

His first customer was in a model T Ford when he first opened for business in 1946. "I sold him five gallons of gas," Taylor said.

"You meet all kinds of people here. They'll wake you up in the middle of the night and want to borrow a pair of pliers," he said.

Taylor is a friendly man with a ready smile. He wears rimless glasses and has the tanned complexion of a man who spends a lot of time in the Texas sun. He is attentive to the needs of his friends, who are plentiful, and his customers, who are also abundant.

Son Is Born To Johnigans

Mr. and Mrs. Jerry C. Johnigan are the parents of a baby boy born Sunday at Northwest Texas Hospital in Amarillo. He weighed 7 pounds and 6 ounces at birth.

Grandparents of the new arrival are Mr. and Mrs. L.E. Gum and Mr. and Mrs. J.C. Johnigan, all of Canyon.

"I once sold a man white gas for kerosene and had to chase him all the way to Clovis to tell him of the mistake."

Taylor runs his store with the help of his wife and daughter and two part time helpers.

Also indicative of the service Taylor gives his customers is the story he tells about the "pork and beans."

"I had two women come in here and it was real hot. They were from New York and this one lady was wearing this real expensive hat."

"I had just gotten in a fresh supply of groceries and had placed a can of spoiled beans atop the counter to throw away. This lady was standing by the counter paying for her gas when that can of pork and beans exploded from the heat and landed in the middle of her big, expensive hat."

I told her I couldn't buy her another hat like that one

E. A. Collies Return Home

Mr. and Mrs. E.A. Collie and children, Tommie Sue and Charles, have returned from a vacation in Biloxi, Mississippi where they were houseguests of Tech. Sgt. and Mrs. C.S. Daniel and son, Lindsay.

The group made trips to Dolphin Island, near Mobile, Alabama, Marine Life, and watched the holiday fireworks display at Deer Island. Mrs. Collie commented that the heat and humidity in the Gulf area was uncomfortable.

Enroute home the Collie family stopped in McKinney where both Mr. and Mrs. Collie were raised. They also visited in Altus, Oklahoma with her sister, Mrs. C.S. Warren, and family and an aunt, Mrs. J.B. Russell, and family.

They visited in Martha, Oklahoma with Mr. and Mrs. John Daniel, parents of C.S. Daniel, before returning to Canyon.

wanted to go into business for himself. He built the station at its present location and added a house onto the rear for his living quarters. The Taylors have been in business and residence there ever since. Taylor was born and raised in the Canyon area.

Workshop Ends Friday

Sixteen Canyon students have been attending the fourth annual High School Speech Workshop, which closes Friday on the West Texas State College campus.

They were among 50 students from three states and 21 schools participating in various speech activities, including drama, debate and other forensics. Instruction was conducted by regular WT speech department staff members.

From Canyon were Mike Blasdel, Lil and Lou Ann Cowart, Claiborn Crain, Nancy Davis, Pamela Hadley, Randall Hobbs, Karen Kievit, WAM Moore, Renee Owen, Rose Ellen Parker, Reggie Reeves, Charles Starnes, Lynn Stevens, Mary Ann Wheelock, and Rebecca Wright.

Recent guests of Mrs. C. M. Dowlen have been Mrs. Russell Brown and Mr. and Mrs. Curtis Brown all of Amarillo.

Mr. and Mrs. A.R. Mickey and grandsons, Mickey Ely of Canyon and David Mickey of Tulsa, spent the holiday week end in Austin visiting with Mr. and Mrs. Jack McCormick.

They also did some fishing at Granite Shoals Dam on the week end trip.

Visiting with Novella Kirkpatrick last week was her son-in-law, J.L. Dow, of New Haven, Connecticut. Dow also visited with his mother in Littlefield and friends in Amarillo while in the panhandle.

Guests in the Gill home recently were Mrs. and Mrs. W.W. Fain of Dallas. Mrs. Fain is a daughter of the R.E. Gills.

FROM THE CANYON RIM

Randall County commissioners court voted Monday to participate in financing the Children's Psychiatric Center in Amarillo.

Randall County will ante up \$4,000 for this cause.

Establishment of the center was one of the finest things ever to take place in this area. Folks who run the center estimate that about 20 percent of its patients come from Randall County.

We wonder if there isn't some way the city of Canyon and the Canyon School District could participate.

Having the center this near us means not only will treatment for patients be less expensive, since the nearest such facility would be either at Dallas or Oklahoma City, but it means that children will be getting treatment who might otherwise have gone untreated.

Primary purpose, as we understand it, of the center is helping disturbed children. Our commendation to the commissioners for their decision to

participate. Our thanks to those who made establishment of the center possible.

Dr. W.J. Wooten says his dad took him camping in the mountains when he was a little shaver. Dr. Wooten declares that this still is his outstanding childhood memory.

Dr. Wooten and Ronnie and Elmer Wooten and Alexis and Mike camped out at Platora, Colo., last week. Jay says they had plenty of fun. Elmer is in the school system at Richardson now.

This is what our distinguished district attorney, Truitt Hull had to say about camping out. He said his first night in a tent with the family certainly made the remainder of his vacation more enjoyable. He said it made him enjoy his cabin so much more after he folded his tent permanently.

The story is going the rounds in Washington that Johnson will not be on the Democratic ticket next time. There is increasing

doubt that he would be able to do much for the Kennedy candidacy in the South in 1964.

Look for LBJ to be jettisoned. A Kennedy, Kennedy ticket is not too far fetched at the present time.

One of the most ridiculous events in the current race squabble took place in Chicago a few days back. With all the issues they could have been debating, Negro leaders raised a nationwide hullabaloo over two figurines of Negro jockies in front of the hotel where they were staying.

This is not juvenile. It is infantile.

We got into a discussion last week with a mother who declared that small children should not be burdened too early with details of their debt to those who have gone before them.

We could not disagree more. How can anyone discern the value of an article if he does not know the price paid for it?

Our contention is that the sooner a child knows about Valley Forge, Normandy and Tarawa, the better. He will begin to understand what freedom is really worth and will be less apt to be fooled by the demagoguery about him.

We saw "The Longest Day" over the holidays. It is the

story of the World War II invasion of Europe. We strongly recommend that you see it when it comes to Canyon.

For Daryl Zanuck it was the crowning triumph of a career studded with triumphs in moving picture directing. "The Longest Day" defies description even in the lavish superlatives of the Hollywood press agent. See it!

We have it on the grapevine that the latest word at The Amarillo Globe-Times is "be kind to Canyon." We wonder why.

Grahams Have Many Visitors

Mr. and Mrs. Walter Graham have had a number of visitors from south Texas, California and the South American countries of Columbia and Brazil who were interested in the cattle operations at their ranch south of Canyon.

Sam Morgan of Hereford brought the South American visitors to the Graham ranch. Pablo E. Ramirez of Columbia; Ovando Barbosa and Jose Augusto, both of Brazil; Earnestina Solares of Washington, D.C. and two other Columbians, including the interpreter, who were unable to sign the register.

Four men representing the Grauge Company of Modesto, California visited the Graham ranch with Crockett Kehoe of Amarillo. The visitors from California were Paul W. Turner and his son, Arlo, Charles S. Solomon, and Kenneth Billies.

Mr. and Mrs. Will Avenhoff and five sons of Crystal City, near San Antonio, were guests in the Graham home recently. The Avenhoffs sons made the high score on cattle judging at the Hereford Junior Breeder Show that was held in Stratford recently.

Davis Family At Six Flags

"Six Flags Over Texas", the amusement park located between Fort Worth and Dallas, was visited recently by Mr. and Mrs. Virgil C. Davis and children, Dianne and Nancy, of Canyon.

Eddie and Cathy Davis, children of the Davises, were on a short summer vacation in Houston.

Mrs. Davis marveled at the neatness of the park and said that a number of college and university students from that area are instrumental in the upkeep and operations of the gigantic amusement park.

Mr. and Mrs. W.M. Higdon and her father, W.R. Haynes, of Bard, New Mexico attended a family reunion at Lake Pauline last Saturday.

Visiting with H.E. Brady at St. Anthony's Hospital in Amarillo recently was C.C. Hildebrand.

Hilltop Views

As they sometimes say in legislative bodies; "Mr. Speaker, I rise to a point of personal privilege", which means that the one so rising has something to say concerning himself. I am in that situation this week.

1. My mathematics was bad in last week's article. I subtracted 1776, the year of The Declaration of Independence, from 1963 and came up with 183 when it should have been 187 which is the number of years since The Declaration was announced.

2. Quotation marks were omitted at the beginning of paragraph 5, leaving the impression that the words were mine. This error I charge to the newspaper.

3. The most embarrassing mistake was in the spelling of the name of a musical instrument—a cymbal, which was spelled symbol. Again that was the paper's mistake. We shall try to do better hereafter.

The first amendment to the constitution of the United States reads as follows:

Congress shall make no law respecting an establishment of religion, or prohibiting the free exercise thereof; or abridging the freedom of speech, or of the press, or the right of the people peaceably to assemble, and to petition the government for a redress of grievances.

This and the next nine amendments to the U.S. Constitution are generally recognized as our "Bill of Rights"; and were adopted as a concession to that large element in this country who greatly feared arbitrary government which was the prevailing system in the world when these amendments were adopted in 1791. And it should be remembered, too, that most of that arbitrary power was in the hands of one church, which had largely monopolized both organized religion and the state for many hundreds of years. Americans of 1791 well knew the evils of arbitrary government. That was just what they had so eloquently condemned through The Declaration of Independence; and it was to obtain religious freedom—freedom from organized religion—that many of their forefathers had come to America to escape.

This strong faith of our founding fathers in Deity and in the essence of religion (not its form) is abundantly reflected in all official documents of that day and has been projected on down to the present. The fact is, our free government as originally designed and constructed may in truth be said to embody the fundamental teachings of Jesus—the equality of man, the responsibility of each individual and his divine creation, the sovereignty of God, respect for one's fellow man, obedience to the Higher Law, etc.

To put it another way, freedom and democracy are but the application of the philosophy of Jesus to the area of government. This is why the citizens of a republic like ours must maintain a high standard of intellectual, moral, and spiritual conduct. It is necessary for national survival and the preservation of our liberties.

At this point we call your attention to the fact that the words "church" and "religion" are not synonyms. The one is an organized body of worshippers; the other is the felt presence of God in the heart of an individual. It is unfortunate that in drafting the first amendment to the Constitution our founding fathers did not acknowledge this distinction. The reading of the Bible, singing hymns, and prayers in schools do not, in themselves, constitute a union of church and state, because no church or denomination is involved. On the other hand, these exercises do contribute to the intellectual, moral, and spiritual strength of the individual, which are an essential part of one's education. This column sees no violation of the first amendment so long as we accept its interpretation according to the purpose of the men who drafted it.

One other thought. We cannot do any teaching worth while without the practice of interpreting what we teach. There is no point to learning something that has no meaning. The accumulated knowledge which we enjoy today is a result of man's search for truth. "Ye shall know the truth and the truth shall make you free."

Interpretation is an essential function of education and one cannot learn history, language, literature, mathematics, science, music, etc. without coming in contact with their spiritual significance. Mere rote teaching and learning are almost useless. Thus, in true education we find life's higher values—values that inhere in religion. In a sense all good teaching has religious implications and not even the Supreme Court can prevent it, but the court can and should obstruct and hold unlawful the teaching of denominationalism or individual church doctrine in our public schools.

Prairie Wildlife

The weather is getting hotter for sure and so is the channel cat fishing. Lots of reports coming from across the Panhandle that the channels are beginning to bite well.

The game warden, who is taking Stanley McDonough's place while he is playing soldier, said the channels appear to be doing well at Buffalo. He referred specifically to one

fisherman who brought in two 8 pound channel cats on a trot line. He said others were doing all right drift fishing with worms after sundown. Sounds like fun. We plan to try the method.

The Randall County Sportsman's Club will hold a fish-ama and fish fry July 28 at Buffalo Lake. All club members and anyone wishing to join are invited to participate. Just bring your fishing pole and bait and fish up a storm until about 6:30 p.m. when the club will start cooking operations on the east side of the lake, across from the concessions area and up towards the dam.

Sigs will be posted to lead the errant. As the old saw goes, just follow your nose to the smell of frying catfish and hush puppies! Dr. Busted has been invited to give a demonstration of his dogs at the fry. That will be a sight worth seeing.

Davis Family Has Reunion

The D.E. Davis family held a reunion at Conner Park on Sunday, June 30th.

Sons of the couple attending the family reunion were Mr. and Mrs. C.W. Davis and children, Sandra and Marilyn; Mr. and Mrs. G.L. Davis; Mr. and Mrs. Louie Davis and children, Dwight, Lesley and Douglas; Mrs. Archie Davis and Laverne, all of Canyon.

Archie Davis, the oldest son of the couple, was unable to attend the family reunion. He was confined to Neblett Hospital following a heart attack on Friday.

Daughters of the D.E. Davises who attended the reunion with their families were Mr. and Mrs. Angel Browner and Sterling Wayne of Avery; Mrs. Dell Carney of Annona; Mrs. Herman Spraherry of San Angelo; Mrs. Grady Shaw and Debbie of Fort Worth; Mr. and Mrs. Raymond Byrd and children, Yvonne and Eddie Ray, of Ulysses, Kansas; Mr. and Mrs. Lloyd Calvin and Mr. and Mrs. Joe Van Zant and children, Steve, Vicki, and Karen, all of Amarillo.

Mr. and Mrs. Archie Dean Davis and daughter, Connie, of Canyon attended the reunion of his grandparents.

Granddaughters attending the Davis family reunion with their families were Mr. and Mrs. Bobby Harris and children, Tammy and Kerry Don of Borger; Mrs. Wanda Wagner of Ada, Oklahoma; Mr. and Mrs. Lawrence Ward and Debbie; Mr. and Mrs. George Caldwell and children, Zady Lin and Geo Dearl; Mr. and Mrs. Tommy Tucker and children, Kim, Kris, Terri Lynn and Tommy; Mr. and Mrs. Weldon Riley and Donny Dean, all of Canyon.

Canyon Folks Visit Ranch

The long week end holiday was enjoyed at the Double D Ranch near Las Vegas, New Mexico by a group from Canyon. They went horseback riding, swimming, and had good luck trout fishing.

Attending the outing were Mr. and Mrs. David Matthis and children, Michael and Roseanna; Sherry Hemphill; Mr. and Mrs. George Ritter and children, Bill and Janet; Mr. and Mrs. Bill Lee and children, Cindy and Billy; and Mr. and Mrs. Elton Cox and daughter, Kelly.

Mrs. M.S. Keller attended a family reunion at the J.E. Bellow ranch near Fort Sumner, New Mexico over the holiday week end. About 20 relatives attended the reunion. J.B. Russell of Leham, Washington visited with his sister, Mrs. M.S. Keller, Monday.

Mrs. Lula Follis of Clovis, New Mexico has spent several weeks visiting in the Keller home.

HUNTING, FISHING AND CONSERVATION

We will keep you posted. Any pictures of catches, here in the Panhandle or even elsewhere, are welcome material for Prairie Wildlife. Send them in.

We (that includes Prairie Wildlife and Lonnie Peters) couldn't find the kind of fishing and hunting boat we wanted, so we up and designed one. It should be finished in time for the next week's column. We'll give a report on it next week. It is half river boat and half canoe. We hope it has the best features of each type boat and not so many of the poor features.

It is 14 feet long and 32 inches wide at the water. The whole thing weighs about 50 pounds. Let's go fishing.

Lynn Rhodes On Honor Roll

Lynn Rhodes, son of Mr. and Mrs. Jess L. Rhodes of 2414 9th Avenue in Canyon, was among 119 Harding College students recently named to the Dean's List for the Spring semester. Harding College is in Searcy, Arkansas.

Two Canyon Boys Stage Art Show In New Mexico

C.L. Reno and Bill Cawthon, art students at Canyon High School, have a two man art show on display this month at Fort Jordan, New Mexico.

The art display includes about 30 pictures done in tempera paints, oil paints and pencil sketches. The display is being held at Fort Jordan which is located near Clayton, New Mexico.

Both high school artists have won various awards for their artistic work. They have received direction in art from Mrs. Royal Brantley, art instructor at Canyon High School.

C.L. Reno received the first place art award as outstanding art student at Canyon High School in 1962 and the Industrial Art Award in 1961. Reno was among eight art students that painted an original 6 x 9 mural depicting school life that will be hung in the art room at the

high school.

Cawthon won first place in Randall County for his sketch that was entered in the Texas Panhandle Heritage Foundation contest held this spring. His sketch will be reproduced in stone at the entrance to the amphitheater in Palo Duro Canyon to represent Randall County. Sketches were judged on neatness and original idea along with their adaptability for reproduction in stone.

Cawthon and Reno are both applicants for the 1963 art award at Canyon High School which is

awarded to the outstanding art students in each class.

Vergie Reno, mother of Reno, who teaches in the school at Amistad, New Mexico assisted in the selection of pictures for the display showing. C.L. Reno lives with his grandparents, Mr. and Mrs. O.H. Crowell, in Canyon where he will be a senior student at the high school this fall.

Bill Cawthon is the son of Mr. and Mrs. Billy D. Cawthon and will be a junior at the high school this fall.

Bill Cawthon, left, and C.L. Reno are shown with four of their paintings that are being presented in a two man art show this month at Fort Jordan, New Mexico. Both artists are students at Canyon High School and have received various awards for their artistic work. The art show includes some 30 pictures done in tempera paint, oil paint and pencil sketches.

Robert Henry Serving As Home Missionary

Robert Ray Henry, son of Mr. and Mrs. Crews Henry, is serving as a home missionary of the Southern Baptist Convention at a church in Champagne, Illinois, this summer.

Henry has been a guest in the home of Mr. and Mrs. Jack Lord several times. Lord is a faculty member at the University of Illinois. Lord was a member of the faculty at West Texas State University where he

as State University in Canyon during the early 1950's.

Robert Henry will return to Canyon in late August to resume his studies at West Texas State University where he will be a junior in the fall.

Canyon Minister Goes To California Seminary

Rev. John Lars Hamerson, pastor of the First Presbyterian Church, left Monday for San Anselmo, California where he will be a graduate student at the San Francisco Theological Seminary.

Rev. Hamerson is taking a study course related to earning a S.T.D. Degree at the west coast seminary of the United Presbyterian Church. The degree is granted on the basis of increased efficiency and effectiveness to be demonstrated in the local parish. Rev. Hamerson has had four years of residential study in San Anselmo on a full-time basis prior to the summer school.

Szabi Nagy, a student at the University of Texas, will be among three guest speakers who are to serve the church while Rev. Hamerson is in California. Nagy is a candidate for the ministry under the care of the Presbytery of the Plains and is a member of the First Presbyterian Church in Amarillo. He will speak on July 14 and August 4.

Michael Price of Pampa, a recent graduate of Union Theological Seminary in New York City, will preach on July 21 and 28.

Rev. Robert S. Winegarner, associate pastor of the Lakewood Congregational Church in Lakewood, Ohio, will be the

guest speaker on August 11 and 18.

In charge of services during the pastor's absence will be Ruling Elder, William A. Moore. Mrs. Hamerson and family will remain in Canyon while Rev. Hamerson is in California.

Two holes in the windshield and two sore heads is the story here. Estelle Ray 14, and Shirley Jones 15, both of Amarillo, received minor injuries when their car missed an exitway Thursday on U.S. 87, north of Canyon. Investigating highway patrolmen point to the twoholes in the windshield as convincing evidence for the need of safety belts.

Babe Ruth LoopDiamond Tourney Here Next Week

by DR. GEORGE DESCHWEINTZ
 Important news this week in the Randall County Babe Ruth League is that the District Tournament will be held in Canyon the week of July 15-19. Seven outside teams and Canyon, Umberger and Happy will compete for the championship and the right to go to the Texas State Championships at San Antonio.

The League's All-Stars have been picked and they are practicing regularly this week. A two-game elimination schedule has been set up, involving the playing of three games each day, one at 1:30, one at 4:30, and one at 7:30.

Teams of umpires from the competing Panhandle cities have been chosen, the local team being headed by the dean of umpires in Canyon and Umberger, Roscoe Richardson. The competing cities are: Pampa, with two teams; Fritch; Plainview; Dumas; Sunnyside; and Muleshoe. The full schedule will be printed below.

The Randall County Babe Ruth League feels that this is an occasion for community participation, inasmuch as it is the climax of several years' hard work on the part of a number of

The hardest part about parking a Corvair is finding a nickel

That may be a slight overstatement, but such jauntiness comes easily when you're a Corvair owner.

And you can usually back it up—as easily as you can back up a Corvair. You'll find yourself doing that occasionally, if only to adjust the brakes—they're self-adjusting. That's all there is to it, and that's a good example of how delightfully easy Corvair is to own, drive and maintain.

But since we began by talking about driving, let's stick with that awhile. A large factor in the fun of driving a Corvair is the location of its engine in the rear. Why the rear? It gives Corvair extra traction on any road surface. It provides a nearly flat floor for more useable interior space. Best of all, it produces steering so light, so responsive, you wonder why no other American-made car thought of it.

Corvair's engine is also air cooled, so you might add, which means there's no anti-freeze or water for you to add. Ever.

All that pleasure from something so practical almost makes you think Corvair is unique among American cars. Which isn't surprising, because it is!

Noted Paleontologists Visit Local Museum

Canyon, West Texas University and the Panhandle Plains Museum, were visited this week by a party of internationally distinguished paleontologists.

The group was led by Dr. Don E. Savage, son of Mrs. J.A. Hill and the late professor F.E. Savage. In addition to Savage, the party consisted of professor Donald Russell of the Paris, France, museum of national history and Professor and Mrs. Toblen of Germany.

Their visit here was an outgrowth of Dr. Savage's year of research in Europe and Africa in 1961-1962, when he was on leave of absence from the paleontology staff at the University of California at Berkeley.

Professor Toblen will substitute the coming scholastic year for Dr. Savage while the latter develops other projects.

The party spent last week visiting paleontology projects in South and Central Texas. While in Canyon, in addition to touring the Panhandle Plains Museum under the guidance

of Curator of Paleontology, Jack Hughes, the visitors toured Cita Canyon, Clarendon, Channing and other places of paleontological interest in the Panhandle.

Leaving Canyon, the party will meet a similar field party from the University of Kansas at a location in Northwestern New Mexico. From there they will move on to similar paleontological areas in Utah, Wyoming, Colorado, South Dakota, Nebraska, and possibly Oregon, where again they will be met by other paleontological parties before finally reaching Berkeley.

While in Canyon, the party were guests in the home of Dr. and Mrs. J.A. Hill.

"Calamity Jane" a musical comedy starring Carol Burnett, famed comedy star, was attended by Mrs. Lee Foster of Canyon and Mrs. Charles Dickey of Denton last Friday evening in Dallas.

Mrs. Foster was a guest in the Dickey home over the holiday week end. Mrs. Foster and Mrs. Dickey made a visit to "Six Flays Over Texas" during the week end visit.

for your protection

**INCREASED
LIABILITY
INSURANCE**

It's the Law

A revision of the Texas Motor Vehicle Responsibility Law, effective January 1, 1964, sets minimum Auto Liability Insurance limits at

\$10,000 Bodily Injury Liability --- Each Person
\$20,000 Bodily Injury Liability --- Each Accident
\$5,000 Property Damage Liability --- Each Accident

In Your Interest

The revised Texas law was much-needed and is in your best interest. Here's why. In recent years the cost (liability-wise) of accidents has skyrocketed, due to factors such as:

- Increased cost of medical care
 - High awards by courts and juries
 - Constantly increasing cost of repairing property damage
- Thus Auto Liability limits smaller than \$10,000/20,000/5,000 have, for some time, offered inadequate protection for motorists. Most states (and Canadian provinces) in which you may travel now require minimum Auto Liability limits equal to or greater than the new Texas requirement.

Canyon Woman's Relative Dies At Clarendon

William Edward Emmons died Monday morning at Adair Hospital in Clarendon where he had been confined for three days.

Mr. Emmons was born in Leon County of Texas. He

married Fannie Boone in 1906. He farmed near Lakeview for 35 years and moved to Clarendon in 1946.

He was a member of the First Methodist Church in Clarendon and belonged to the fraternal

order of Woodman.

Funeral services were held at the First Baptist Church of Clarendon Wednesday afternoon with Rev. W.R. Lawrence, pastor of the First Baptist Church in Clarendon, officiating. Rev. J.V. Patterson, pastor of Clarendon First Methodist Church, assisted with the services.

Burial at Citizens Cemetery of Clarendon was under direction of LaGrone Funeral Home of Canyon. The body was held in state at Murphy Funeral Home in Clarendon prior to the funeral services.

Serving as pallbearers were G.W. Bradshaw, D.R. Lindley, Bill Allen, Calvin Ashcraft, A. G. Carter, and Albert Johnson, Jr.

Mrs. Jerry LaGrone of Canyon was a granddaughter of Mr. Emmons. Other survivors include his wife, Fannie; a daughter, Mrs. Pearl Nowlin of Abilene; three sons, Jim of Levelland, Jess of Spade, and Andrew "Buster" of Clarendon; 14 grandchildren and 23 great grandchildren.

Recent guests of Mr. and Mrs. Forrest Gruner have been Mr. and Mrs. Sanford Shaw and Paula from Ferndale, California and Mr. and Mrs. Ray Goudy and children, Lucy and Tim, of Rioalto, California.

Linda Dodson, daughter of Mr. and Mrs. R. L. Dodson of Happy, spent several days recently with her grandparents, the J. R. Dodsons.

Visiting in the Dodson home over the week end was Guy Haines of Belton.

"We like everything about our home—it's **ALL ELECTRIC!**"

say Mr. & Mrs. Bob Spencer,
2108 RUNYAN ■ ARTESIA, NEW MEXICO

The Spencer's modern Gold Medallion Home, features an all-electric heat pump for year 'round comfort. Electric water heating, an all-electric kitchen and a modern electric laundry take the work out of housework for Mrs. Spencer, allowing her precious additional time with her family. Mr. Spencer, a busy automobile dealer, likes the convenience, economy and complete comfort of the Gold Medallion home.

"Keeping kindergarten kids happy is easy when one can keep them comfortable," says Mrs. Spencer. "In the morning our heat pump is heating and in the afternoon it's cooling — just perfect for my classes which I teach in my home."

Annie Get Your Gun To Wind Up Workshop

Closing out the fourth, and most successful, high school workshop at West Texas State University, drama students will present the play version of "Annie Get Your Gun" Friday at 8:15 p.m. in the Branding Iron Theatre. Most of the limited enrollment of 50 students will have roles in the production.

Directed by William A. and Margaret Echols Moore, the show will be presented for the one night only, prior to departure of the workshop students after a two week stay on the WT campus. Reservations for the show may be made through the WT speech department. Admission is \$1 for adults and 50 cents for students.

A debate tournament of three rounds will also be arranged at 3:30 p.m. Friday to wind up work of forensics students. The championship tourney, limited to half the regular time, will be open to the public in the Fine Arts Building.

Cast in the role of Annie Oakley is Lil Cowart of Canyon, who appeared in last year's workshop production of "The Man Who Came to Dinner." Frank Butler will be played by WAM Moore of Canyon, who has attended all four summer workshops at WT. Reggie Reeves of Canyon, also a four-year veteran, has the role of Charlie Davenport, the circus owner. The part of Little
